Possible Conditions: Tension headache, Dehydration, Influenza (Flu)

## Conversation Transcript

MediBot: Hello! I'm MediBot Ø=ÜK Tell me what symptoms you're experiencing be going on.

You: Chest pain

MediBot: I'm really sorry you're experiencing chest pain. This can be serious, and it's important to act quickly.

You: Headache

MediBot: I'm sorry you're dealing with a headache. It could be due to several common causes such as a tension headache, dehydration, or even the flu. Most of the time these can be managed at home, but it's important to monitor how you feel and watch for any worsening symptoms.
